Applicants have amended claims 1, 2, 3, and 6 to correct minor typographical errors and to affirmatively recite the present invention.

Further, the Applicants have added claims 18-25 to clearly define in one embodiment, the documents in the second panel and/or in the third panel are not a laminated top-bottom ply i.e. the top ply is separate and releasable from the bottom ply. No amendment made was related to the statutory requirements of patentability. No amendment made was for the purpose of narrowing the scope of any claim. No new matter was added.

In this Preliminary Amendment, Applicants have added claims 18-25. Applicants believe this amendment serves a useful clarification purpose, and is desirable for clarification purposes, independent of patentability. Accordingly, Applicants respectfully submit that the claim amendment does not limit the range of any permissible equivalents.

In accordance with 37 CFR §1.56, all such information is dutifully made of record. The foreseeable equivalents of any territory that may be surrendered by this amendment are limited to the territory taught by the information of record. No other territory afforded by the doctrine of equivalents is knowingly surrendered and everything else is unforeseeable at the time of this amendment by the Applicants and their attorneys.

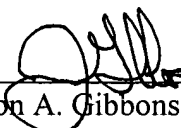

It is submitted that Claims 1-25 are in condition for allowance. Allowance of the pending claims is earnestly solicited.

It is submitted that the claims are in condition for allowance. Consideration and examination of the claims as amended is kindly requested.

Respectfully submitted,
